

## **Winner of Queen's Plate, Filly Inglorious, and her trainer, Josie Carroll, beat out 16 males!-**

It's a second victory at Queen's Plate for Trainer Josie Carroll! Carroll made Queen's Plate history in '06 when she became the first female trainer to win the event with Edenwold, and she did it again. She earned her second win in the event when three-year-old filly Inglorious beat 16 males to win Sunday's 152nd running of the \$1 million Queen's Plate at Woodbine Racecourse. Inglorious was the lone filly in the field, and had just come from her victory at the Oaks just weeks earlier. No horse has won both the Oaks and the Plate since Dancethruthedawn in 2001.

Josie's success as a trainer is in no small part based on the great combination of products she uses for her horses. One of these products is Body Builder, an all-natural alternative supplement to anabolic steroids. "I use it throughout the whole barn," says Carroll, "I just find it put's nice condition on a horse! I've used it for 8 or 9 years. The horses do well on it". The main ingredient in this product is of pharmaceutical grade, meaning it is in the purist form. Horses on this supplement are seen to have healthy coats and are beautifully muscled.

Body Builder has been used by industry champions for over 20 years. It takes 20 gallons of rice bran oil to get the ingredients used in just one bottle. One bottle, one horse, two months.
